## VISUAL DESIGNER / CREATIVE DEVELOPER

### About Me

Motivated individual who excels in overcoming workplace challenges and pursuing personal growth. With a strong emphasis on fostering positive relationships thrives in both team-oriented and individual tasks. He values respect, tolerance, and empathy as guiding principles in his interactions with others. In his leisure time, he appreciates landscapes, stays active through exercise, and finds inspiration in music.

### Education / Certificates

2016 - 2019

**Industrial Design Engineering with emphasis on Visual Communication**

*Instituto Tecnológico de Costa Rica*

Industrial Design Engineering with emphasis on Visual Communication combines aesthetics, functionality, and user-centered design to create visually appealing and effective products. It integrates visual elements to enhance communication and user experiences.

2021

**Online Store Creation Course with WooCommerce**  
*Platzi*

Setup, design customization, product management, payment integration, marketing, and optimization. Gain the skills to launch and run your own online store.

### Skills & Expertise

### Work & Experience

2020 - Present

**Graphic Designer**

*Bamboo Code | Development Agency*

Current role at Bamboo, a development agency, serving as a Graphic Designer while occasionally working on web development projects. Throughout this time at Bamboo, actively expanded the skill set by taking courses in CSS, HTML, and JavaScript, enabling to contribute to both design and development aspects of projects.

2020 - 2023

**Graphic Designer / Web Developer**

*Xpider Digital | Digital Agency*

Worked for three years as a Web Developer and Graphic Designer. This dual role allowed me to contribute to various projects, handling both technical development and creative design aspects. Gained valuable experience in web development and graphic design, delivering effective solutions for clients' digital needs.
